The Southern California Dive Club of the Inland Empire

The SCDCIE mission is to promote and enhance the sport of recreational SCUBA diving for its members, aid the environment in which SCUBA diving takes place, raise awareness of the opportunities to participate in SCUBA diving and provide social interaction and fellowship with family, friends and those of similar interests in SCUBA diving!

While we receive support from Sport Chalet, we are an independent club established in August of 1993 and Incorporated in 2002.

We meet the first Tuesday each month at Fuddrucker's Restaurant in Ontario. We have a big room with audio-visual gear.

Our club loves to dive so we find lots of ways to do just that! We do boat dives to the Channel Islands, beach dives all

along the Southern California coast, clean-up dives and we have lots of information on diving all around the world.

Do you take underwater photos or shoot video? Do you love wreck or cavern diving, or just like to hunt? We have special interest groups that cater to your needs. At meetings we share our diving experiences and hear about all the hot news and events. We always have a great guest speaker and end the night with some very cool raffle prize drawings.

Our members come from all across Southern California and from just about every city in the Inland Empire and surrounding areas.

We also have family activities and community service events such as our Annual SCUBA Santa toy drive for under privileged kids.

Looking for a dive buddy to do a weekend boat dive or just a quick beach dive? The club has a list with members spanning all skill levels. You'll find someone you can buddy up with and increase your bottom time and pleasure.

Like to get involved? Join a club committee or make plans for future club activities. Board meetings are open to all members and are usually held two weeks after the general club meetings.
